

The right value for  
the right price !

**DOUCET MACHINERIES INC.**

60 years serving  
the wood industry !

**F45 Perform**  
The «intelligent» saw

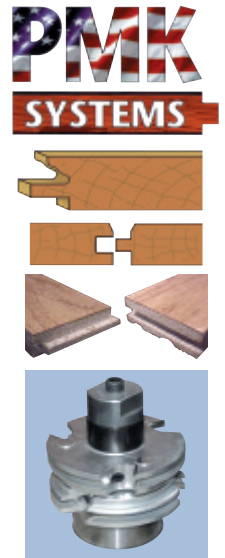

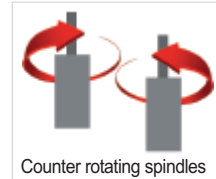

**Much more than only motorized axes !**

- Eye level control: can store 20 set-ups.
- Functions such as: grooving, incremental dimensions, bevel rip.
- Easy axis calibration in 3 simple steps.
- Crosscut mitre fence for angles from 0 to 49° with length compensation.
- Motorized rip fence: the control calculates automatically correct fence position when blade is tilted.
- USB interface for software up dates.
- On/off switches at the end of the carriage.
- Rapido scoring with shim less system.

**Coping / end matching system**

C-1203 / C-1205

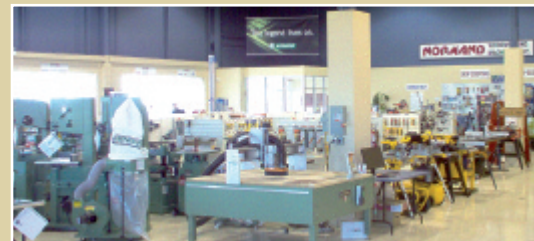

**Many reasons to use this system**

- No back-up piece or chip breaker required; perfect results without chipping, blow-out or splintering.
- Possibility to work with stacked tooling.
- Cycle time 4 to 10 seconds (adjustable).
- Linear rails (THK style) insure proper alignment of the table to the cutter heads which are fixed.
- Quality, efficiency, safety are greatly improved.
